

MARINE COLLAGEN PEPTIDE SERUM

PRO SERUM

Lift & Firm

PRO 4 oz

SOUND BITE: *"Defy gravity and sagging, one drop at a time."*

Concentrated, creamy serum is a potent blend of contouring peptides, moisture-binding hyaluronic acid, ceramides, and marine algae that dramatically improves the appearance of sagging facial contours. Double-encapsulated, timed-release technology provides targeted absorption. Plant-derived teprenone helps extend the lifespan of skin cells and facilitate cellular repair.

WHAT DOES IT DO?

- Improves the appearance of sagging facial contours
- Hydrates & helps skin retain moisture
- Enhances texture & resiliency
- Promotes elastin & hyaluronic acid synthesis

DIRECTIONS

After cleansing and toning, gently pat 1-2 pumps onto face and neck. Avoid direct contact with eyes.

SKIN TYPES

dry, normal, sensitive

CONDITIONS

dryness, dehydration, loss of elasticity, sagging

KEY INGREDIENTS

Acetyl Tetrapeptide-2	Encourages collagen synthesis while improving tone & texture
Palmitoyl Pentapeptide-4	Visibly reduces wrinkle depth, targets sagging & promotes firmness
Teprenone	Helps extend cell lifespan & facilitate cellular renewal
Ceramides NS & NP	Moisturize & help protect skin from water loss & dryness
EGCG	Antioxidant from concentrated green tea minimizes lines

pH RANGE 4.2 - 5.2

Ingredients: Hyaluronic Acid, Acetyl Tetrapeptide-2, Palmitoyl Tripeptide-1, Palmitoyl Tetrapeptide-7, Palmitoyl Pentapeptide-4, Palmitoyl Tripeptide-5, Acetyl Octapeptide-3, Superoxide Dismutase, Epigallocatechin Gallatyl Glucoside, Teprenone, Ceramide NS, Ceramide NP, Hydrolyzed Avocado Protein, Maltodextrin, PEG-10 Rapeseed Sterol, Malus Domestica Fruit Cell Culture Extract, Camellia Sinensis (Green Tea) Leaf Extract, Tocotrienol (Vitamin E), Retinyl Palmitate (Vitamin A), Sodium Palmitoyl Proline, Butyrospermum Parkii (Shea) Butter, Sodium PCA, Enteromorpha Compressa Extract, Dipalmitoyl Hydroxyproline, Sodium Carboxymethyl Beta-Glucan, Glucosamine HCl, Saccharomyces Lysate Extract, Urea, Caprylyl Glycol, Ethylhexylglycerin, Undecylenoyl Glycine, Capryloyl Glycine.
