

MICRODERMABRASION SCRUB

EXFOLIANT

Refine & Rejuvenate

PRO 8 oz

SOUND BITE: "Buff and glow."

Skin-refining scrub exfoliates, clarifies congested pores, and reduces the appearance of skin imperfections. Features medical grade corundum crystals and botanicals that include jojoba, arnica, willow bark, and ginseng extracts to enhance tone and texture, revealing a smooth, radiant complexion.

WHAT DOES IT DO?

- Clarifies & reduces appearance of enlarged pores
- Balances uneven tone & texture
- Diminishes signs of environmentally damaged skin
- Leaves skin smooth, even & radiant

DIRECTIONS

Moisten face and apply scrub to face and neck. Massage gently for 2-3 minutes, avoiding eye areas. Peeling process varies according to the amount of time you massage the skin and the firmness of the strokes. Remove thoroughly with moistened sponge or warm towel.

SKIN TYPES

dry, normal, combination, oily

CONDITIONS

dehydration, dullness, fine lines, hyperpigmentation, congested pores

KEY INGREDIENTS

Ginseng	Brightens, enhances circulation & protects against oxidative damage
Corundum Crystal	Refines skin surface to stimulate production of new skin cells
Jojoba Oil	Clarifies clogged pores & helps balance sebum production
Arnica Flower	Relieves skin irritation & inflammation
Willow Bark	Targets enlarged pores & regulates excess oil production
Shea Butter	Softens, seals in moisture & protects against environmental damage

pH RANGE 5.7 - 6.7
