

COLLAGEN PEPTIDE SERUM

SERUM

Lift & Firm

RETAIL 1 oz

SOUND BITE: *"Defy gravity and sagging, one drop at a time."*

Concentrated, creamy serum is a potent blend of high percentages of skin-firming and lifting peptides along with moisture-binding hyaluronic acid, ceramides, apple stem cells, and marine algae extract that dramatically improves the appearance of sagging facial contours. Double-encapsulated, timed-release technology provides targeted absorption. **Updated formula features an innovative and intensive moisture complex with 10 forms of hyaluronic acid supercharged by galactomyces ferment filtrate.**

WHAT DOES IT DO?

- Improves the appearance of sagging facial contours
- Hydrates & helps skin retain moisture
- Enhances texture & resiliency
- Promotes elastin & hyaluronic acid synthesis
